EMPLOYEE SERVICES

UNITED STATES SAVINGS BOND PROGRAM

25X1A

Rescission:

1. It is my desire to encourage members of CIA to participate in the United States Savings Bond program by purchasing Savings Bonds through the Payroll Savings Plan or the banks in which they maintain personal accounts.

2. Experience has proven that the most convenient, dependable, and systematic way to save money is by having deductions made from your salary regularly for the purchase of interest-bearing United States Savings Bonds. I congratulate those of you who have taken positive steps to effect a systematic savings and investment program by participating in the United States Savings Bond program. To those who are not currently purchasing Savings Bonds regularly, I suggest that you consider the advisability of doing so as a means of ensuring financial security for yourself and family and at the same time aiding your country.

3. Agency employees paid from vouchered funds may purchase Savings Bonds through the Payroll Savings Plan. While the Payroll Savings Plan cannot be made available to unvouchered employees because of security considerations, such employees may participate in the United States Bond program by purchasing bonds through their bank.

4. Vouchered employees may obtain Bond Authorization Cards from Administrative Officers, who will forward completed authorizations to the Payroll Branch, Fiscal Division, Office of the Comptroller. Bonds are issued promptly to the individual as accumulated deductions reach the purchase price of the selected bond denomination.

5. It is appropriate that CIA, an Agency vital to national defense, should establish a noteworthy record of participation in the United States Savings Bond program.
